Major General James E. Briggs  
Superintendent, Air Force Academy  
Lowry Air Force Base,  
Denver, Colorado

Dear Buster:

25X1  
Mr. [redacted] a member of the staff of this Agency, is going to be in Denver on personal business around 15 January. He is in charge of our training course in "International Communism".

I realize that you may already have considered including such instruction in your own curriculum and found it infeasible. However, you still might be interested in hearing at first hand, Mr. [redacted] experience in our course and consider the ideas that he might offer.

He will contact your office by phone about 15 January.

Best regards and best wishes for the continued success and growth of the Air Force Academy.

Sincerely,

*C. P. Cabell*
